Dear FCC:

I am writing to complain about the proposed changes to the Universal Service Fund and requesting that the FCC investigate this matter further before changing the current policy. Your proposed \$1.00 per month charge for all wireless phones will directly impact my ability to retain my wireless service.

I do not think it is fair to charge EVERYBODY \$1.00 dollar regardless of how they use their wireless phone, especially for a low-volume user that relies on wireless service for safety and security, not interstate calls. The current policy is fair, based on interstate usage, and should be left alone. Please do not penalize us. Keep this fair.

This is not something that I approve of, The reason that I bought my Tracphone was so that I could stay within my Budget. Adding this extra charge is crazy,

I have this phone to make sure that when I'm away from my Children they can get in touch with me if they need me. And for the security that I feel when I am on the road away from home. Please reconsider this extra cost.....Thank you

Thank you for your prompt attention to this matter. Please provide a written response indicating the status/resolution of this matter.

Very truly yours,

Jeanne Urban
